

Course Overview

Distributed and Pervasive Systems, MSc

Stefan Wagner, Christian Marius Lillelund and
Christian Fischer Pedersen
`{sw,cl,cfp}@ece.au.dk`

Department of Electrical and Computer Engineering
Aarhus University

Revised on January 30, 2022

Lecturer: Christian Fischer Pedersen

1/2

Christian Fischer Pedersen
Associate Professor, PhD
Dept. of ECE, AU
Åbogade 34, Office 119, 8200 Aarhus N.

Research interests

- ▶ Biomedical signal/image/data processing
- ▶ Clinical decision support systems
- ▶ Machine/statistical learning in healthcare

Lecturer: Christian Fischer Pedersen

2/2

Education

- ▶ 2016: MSc, Math and Computer Science, AAU
- ▶ 2011: PhD, Speech Signal Processing, AAU
- ▶ 2001: MSc, Computer Engineering, AAU

Positions

- ▶ 2011– : Dept. of ECE, AU
- ▶ 2001–2011: Dept. of Electronic Systems, AAU

Visiting scholar

- ▶ 2014: U of Erlangen-Nuremberg, DE
- ▶ 2013: Shanghai Jiao Tong U, CN
- ▶ 2010: Imperial College London, UK
- ▶ 2010: Aalto U, Helsinki, FI

Lecturer: Stefan Wagner

Stefan Wagner
Associate Professor, PhD
Dept. of ECE, AU
Finlandsgade 22, Office 226, 8200 Aarhus N.

Research interests

- ▶ Pervasive healthcare
- ▶ Ambient assisted living
- ▶ Clinical decision support systems

TA: Christian Marius Lillelund

1/2

Christian Marius Lillelund
Research Assistant, MSc
Dept. of ECE, AU
Åbogade 34, Office 127, 8200 Aarhus N.

Research interests

- ▶ Machine/statistical learning
- ▶ Cloud computing

TA: Christian Marius Lillelund

2/2

Education

- ▶ 2020: MSc, Computer Engineering, AU
- ▶ 2018: BSc, ICT Engineering, AU

Positions

- ▶ 2020– : Dept. of ECE, AU

Why do we need this course?

Many modern computing systems are to some extent distributed and weaved into natural living environments. Examples include:

- ▶ IoT, fog, edge, cloud computing systems
- ▶ Energy production in wind farms
- ▶ High performance computing systems
- ▶ Distributed audio/factory/healthcare systems
- ▶ Social media and many cyber-physical systems

Connections with the overall education

Connects in particular with courses related to

- ▶ Network and communications
- ▶ Software design and architecture

Relevance for companies

Plenty of companies address challenges that are to some extent related to distributed systems. Some of the companies we have worked with are:

- ▶ Danske Bank
- ▶ Stibo
- ▶ Vitrolife
- ▶ DigiRehab
- ▶ Develco
- ▶ ...

Course practicalities

1/2

Brightspace

- ▶ Brightspace used for all updates and communication
- ▶ Occasional changes to course plan

Course practicalities

2/2

Slides

- ▶ Proofread but errors and omissions may occur
- ▶ All rights reserved except where otherwise stated

Communication

- ▶ Emails are welcome; however, we receive very many emails on a daily basis, so please allow some time to respond. We encourage you to communicate with us during the course sessions.
